FREQUENTLY ASKED REC. QUESTIONS

How long do the activities take? The times for each of the activities are specified above. For the smaller activities, plan on 15-30 minutes per activity.

Where do we meet for the activities? You meet at the rec barn for ALL activities

What do we bring with us? Guests should always bring water and closed-toed shoes. As we have the desert climate, we recommend that our valued guests always bring layers as mornings and evenings get chilly.

How soon do we need to reserve? The sooner, the better! That way we can plan for guests. We also offer a discount of 10% to anyone who books their activities before arriving. However, booking at least one week in advance is optimal.

What are the Horseback trails like? Our rides are walking only! For more info on the individual trails, refer to the online/adventureRes descriptions.

How long does each trail take? We have a variety of trails that take different amounts of time based on our valued guests' budget and preferences.

Do we rent hiking shoes? Sticks? Socks? Yes!! We do rent a narrows bundle, which includes shoes, sticks, and neoprene socks. This package costs \$20.

What if the weather is bad and we have to cancel or you have to cancel?

We recommend that our valued guests book their highest priority activities and/or the most weather dependent activities (i.e. stargazing & canyoneering) for the first possible day of their trips so that they have wiggle room in case of bad weather. However, if we cannot do the activity safely, the guest can put the credit towards any other activity we offer at the resort. IF that doesn't work, we will issue a gift card, which can be used at the gift shop or the restaurant.

How early are we supposed to arrive for activities? Guests should arrive 15 minutes before their activities so that they can fill out waivers, meet their guides and get situated. During the summer months especially, a lot of our activities are booked back-to-back, so please arrive in advance.

What is the benefit to a guided hike versus going out on your own?

We have knowledgeable guides who are trained in history, geography, geology, photography, etc. They will take guests to the most amazing and secluded spots in Zion, all the while telling you fun facts. They will truly make it an unforgettable experience.

How far is the Observation Point trail? How far is the trail head from the resort?

It is a 3 mile drive to the trail head. Then it is a 7-mile round trip walk. From our property it is relatively flat and easy, but it is 7 miles and could take between 3 and 5 hours depending on how fast people walk.
