

FIRE RESTRICTIONS

Summer 2021 – Until Further Notice

Due to the very extreme fire danger to our area with multiple red flag warnings and low resources, and a current regional fire, effectively immediately our local fire agency has issued a **No Burn** order effective immediately. The National Park Service and Forest Service have just issued the same restrictions.

This means...

- No campfires, even in established fire pits.
- No burning outdoors in anyway, or smoking.

Propane barbecues are allowed,

but propane fire pits are Not Allowed.
