Area Attractions

Zion National Park: The most popular of Utah's national parks is located in a region that features America's highest concentration of natural scenic wonders. Visit our web-site to view information and brief itineraries on these and other great attractions. It will quickly become apparent that you'll need more time to experience the splendor of this region.

Bryce Canyon Park: Just 75 minutes from Zion Ponderosa and is one of the great scenic wonders of the world. From Zion Ponderosa, travel down the North Fork road and turn left on Scenic Highway 9. Follow this road for 12 miles to Scenic Highway 89 and turn left. Go north approximately 40 miles and then turn right on National Scenic Byway 12. Travel 15 miles on this road and turn south on highway 63. Travel just three miles to the park entrance.

Cedar Breaks: This area is just north of Zion Ponderosa but the best way to travel (paved road) is on highway 89 and go north approximately 25 miles, then turn left on Scenic Highway 14. You'll follow 14 to Highway 148 and then to 143 and then back on 89 to Zion Ponderosa. The highlights to see are Duck Creek Village, Cascade Falls, Navajo Lake, Cedar Breaks National Monument, Panguitch Lake, Panguitch Town. Panguitch means "Big-Fish" in the Paiute Native American Language.

Grafton Ghost Town: In the early 1860's Mormon settlers established themselves along the banks of the Virgin River. Not only did the river cause the settlers problems but local trouble with Native Americans was also an issue. Visit the old graveyard to see "Killed by Indians" on some of the markers. See the remaining buildings such as the old school-house. Go through Zion N.P., Springdale and into Rockville. In Rockville turn left on Bridge Road and go west (right) three miles on a dirt road to Grafton Ghost Town.

Kanab: This town was and is still known by many as "Little Hollywood". In the 1940's and 50's over 100 western movies were filmed in the area. Some of the biggest stars of the west stayed in Kanab while starring in their movies. Today you can tour places such as Frontier Movie Town and Denny's Wigwam that showcase remnants of the western movie days. Kanab has some fun shops and restaurants and can be the focus of your half-day or day trip or just a stop along the way. (35 miles)

The Grand Canyon: The north rim of the Grand Canyon offers spectacular scenic views. From Zion Ponderosa it is a two-hour drive on Highway 89. You'll travel through Kanab, and up onto the Kaibab Plateau and through the Kaibab forest. Highway 89 becomes highway 67 in Arizona. You'll be at 9,000 feet when you arrive at the north rim. This side of the canyon is 1,000 feet higher than the south rim and is generally open from May 15 to October 15 each year. Check weather conditions in advance.

The Grand Staircase: This national monument begins about 30 minutes from Zion Ponderosa. The roads that enter this area are well-graded dirt roads and are generally passable by any type of vehicle (weather permitting). Check weather conditions and bring a detailed map, plenty of water and make a day of it in the back-country. Travel east to Highway 89, north (left) to the town of Glendale. On this road you can go north to Kodachrome Basin and Bryce Canyon or south to Johnson Canyon and Kanab.

When you are here, you are part of our story.

On a warm summer day in 1962, Ray and Ruth Lewis, Gary and Rose Neeleman, the Lewis children and the Neeleman grandchildren gazed for the first time in to Zion National Park. Their lives were about to change dramatically.

Ray Lewis was born in a small town in northeastern Utah. Always an entrepreneur, he moved his large family of nine children to southern California to pursue new business opportunities. He and his wife Ruth prospered in California with their family catering business, but Ray never stopped dreaming of the day when he would return home to Utah. He dreamed of owning a ranch similar to the one in the Uintah Mountains where he was born.

In 1957, Ray's oldest daughter, Rose, married Gary Neeleman. The couple soon moved to Brazil so Gary could work as a foreign correspondent with the world news agency United Press International. They resided in Sao Paulo for seven years. In August of 1962, the Neelemans brought their three children back to the U.S. to spend two weeks with their Lewis grandparents in Los Angeles. Ray once again expressed his passionate desire to return to Utah. That evening, as Gary thumbed through the LA Times, he noticed a classified ad offering 4,000 acres of deeded land and 4,500 acres of BLM Land in Utah. The ad described the ranch as "...high desert property, covered with Ponderosa Pine, Utah Juniper, Pinion Pine and Manzanita."

Although not exactly what he had been dreaming of, Ray's curiosity got the best of him and within hours the entire family was on their way to Zion National Park to see the property that would soon become "Zion Ponderosa Ranch." The dusty, 11-mile road from Highway 9 to the ranch property would have discouraged a less visionary man, but not Ray Lewis. He was so impressed with what he saw that he put down \$1,000 in earnest money that very afternoon.

The Zion Ponderosa Ranch purchased by Ray Lewis that day was a patchwork of pioneer homesteads, where hearty settlers had scratched out a living for over half a century. As Ray Lewis stood on Pine Knoll, the highest point on the ranch, and looked southwest into Zion National Park, his imagination soared. He envisioned a natural sanctuary, only a few hours drive from metropolitan areas like Salt Lake City, as Vegas and even Los Angeles. Ray imagined a place where people could enjoy a mountain cabin, hike, explore, watch wildlife and inhale the scent of juniper and ponderosa pine, literally on the edge of one of the most spectacular natural wonders of the world, Zion National Park.

The Ponderosa Ranch was more than just a big piece of land to Ray and Ruth Lewis. Ray firmly believed that God meant for him to care for it and preserve it for generations to come. His dream began to materialize once he convinced Kane County to allow him to create one of the last dry subdivisions in Utah. As he gently cut the roads through the property into sub-divided lots, he made every effort to preserve the huge, 500-year-old trees and went out of his way to maintain the unusual rock formations.

Ray passed away on December 31, 1995 but his dream lives on in the legacy he left to his children and grandchildren. Today, Zion Ponderosa Ranch Resort is an integral part of the history of this amazing land. The Neeleman and Lewis families feel continuously blessed to be stewards of this great legacy, and honored to inspire the love of Zion in every valued guest.
